## CropBooster® 2.0

15-3-6 + MICRONUTRIENTS (S, B, Mn, Mo, Zn)

Based on the well known foliar biostimulant CropBooster™, Axter Agroscience has developed CropBooster 2.0, an even better biostimulant. CropBooster 2.0, which now includes the 2.0 Technology, will help crops overcome abiotic stresses like those caused by the use of herbicides. Tested on wheat, corn and soybeans, CropBooster 2.0 increased yields by 3.9 bu/acre, while showing an average win percentage of 90%.

### YIELD INCREASE (BU/ACRE) IN 53 TRIALS BETWEEN 2015 AND 2016

Consult your representative to discuss the benefits for your crops.
